

## Policy 102 - Mission Statement

### Rationale

Through a rich, cross-curricular permeation of our Catholic faith within the context of a safe and nurturing environment, all are encouraged to reach their God-given potential.

CISKD schools are a place to encounter the 'Living Christ' and to learn of His great and transforming love. We are all called to be witnesses of Christ in our daily lives by living out the Gospel values, thereby empowering our graduates to 'go forth, and make a difference in the world'.

### Mission Statement

Christ-centered Catholic education through community of faith, hope and love.
