### GOVERNANCE DEVELOPMENT OF BOARD POLICY - 208

#### **Rationale**

The intent of the CISKD Board of Directors is to develop written policies that articulate basic beliefs and values and give clear guidance for the successful and efficient functioning of the Catholic Schools that operate under the authority of CISKD.

Through the development, adoption, implementation, and evaluation of written Policies the Board of Directors authorizes the actions required for the day-to-day operation of the diocesan school system.

It is the CISKD Board of Directors' intention that its policies serve to inform Local School Committees, employees and the public about the mission and vision for CISKD to maximize understanding of the school system and its efficient operation.

Because of their nature, policies are reviewed on a regular basis. Changes in needs, conditions, purposes, and objectives may require periodic revisions, deletions, or additions.

The CISKD Board of Directors follows the principle of subsidiarity and collaboration and shall seek appropriate consultation in determining its policies.

#### **Policy**

The adoption of new policy and the revision of existing policy is the responsibility of the Board of Directors.
